

MARNIE L. RIRIE, M.D., FAAD

info@Boiseskinclinic.com

1070 N. Curtis Rd. Ste.150

Boise, ID 83706

EDUCATION & EXPERIENCE

2011-2014	Dermatology Residency University of Utah Department of Dermatology, Salt Lake City UT
2005-2011	General Internist - Inpatient and Outpatient Medicine St. Luke's Health System, Boise ID
2002-2005	General Internal Medicine Fellowship Oregon Health & Science University, Portland, OR
2000-2002	Internal Medicine Residency Legacy Health System, Portland, OR
1999-2000	Transitional Internship Mercy Hospital of Pittsburgh, Pittsburgh, PA
1995-1999	Doctor of Medicine University of Utah School of Medicine, Salt Lake City, UT
1991-1995	BS, Conservation Biology with University Honors Brigham Young University, Provo, UT

CERTIFICATION, PRIVILEGES, & LICENSURE

2005-2014	State License - Idaho State Board of Medicine : physician (MD) certified, expires 2016. Utah State Board of Medicine : physician (MD) certified, expires 1/31/16.
2005-2017	DEA Certificate - United States Department of Justice : physician (MD) certified, expires 4/30/17.
2005-2011,2014	Controlled Substance - Idaho Board of Pharmacy : physician (MD) certified.
2003-2013	The American Board of Internal Medicine : certified, expires 2013.
2014-2024	The American Board of Dermatology : certified, expires 2024.
2005-2011	Medical Staff Membership with Hospital Privileges : St. Luke's Health System, Boise and Meridian, ID

CERTIFICATION, PRIVILEGES, & LICENSURE, cont.**Ririe pg. 2**

2002	Medical Staff Membership with Hospital Privileges: Legacy Emanuel Hospital & Health Center, Portland, OR; Legacy Good Samaritan Hospital & Medical Center, Portland, OR
2000	United States Medical Licensing Exam: certified, does not expire.

CLINICAL INSTRUCTION & RESEARCH

3//2014	Presenter , presentation on PEODDN, American Academy of Dermatology Meeting, Denver, Co
9/14/2013	Presenter , presentation on DRESS from minocycline, IDS meeting
7/12/2013	Clinical Instructor , Grand Rounds presentation on Behcet's and Crohn's with extraintestinal manifestations, University of Utah
3//2013	Research in Progress , presentation on QI projects, University of Utah
6/21/2013	Research in Progress , presentation on QI projects, University of Utah
9/15/2012	Presenter , presentation on Keratotic Follicular Spicules, Intermountain Dermatology Society Meeting
7/15/2012	Clinical Instructor , Grand Rounds presentation on Radiology for Dermatologists, University of Utah.
5/25/2012	Research in Progress , presentation on SJS/TEN nephropathy, University of Utah
4/28/2012	Presenter , presentation on Dermatomal Erythema Mutliforme, Utah Dermatology Society Meeting
3/02/2012	Clinical Instructor , Grand Rounds presentation on DRESS, University of Utah, follow up cases presentation 3/23/12
2011-2014	Clinical Instructor , Teaching medical students and residents rotating through dermatology, University of Utah
2004	Clinical Instructor , Developed and taught a nutrition curriculum for internal medicine residents at Legacy Portland Hospitals.
2004	Clinical Instructor , SGIM-Hartford Collaborative Project, "Improving Care for Geriatric Patients: Meeting the Challenge," Helping clinicians effectively teach other faculty/residents/students in geriatric care.
2003	Clinical Instructor , ACP National Meeting, "One Minute Preceptor," helping clinicians effectively teach residents and students.
2003	Clinical Instructor , SGIM Northwest Regional Meeting, "Practical Teaching Tips for Outpatient Preceptors."
1998	Research Assistant , Gerald G. Krueger, MD, Dermatology, Douglas Rollins, MD, PhD, Toxicology, University of Utah: Studying the uptake of chemicals into hair from systemic exposure.
1996	Research Assistant , L. LuAnn Minich, MD, Pediatric Cardiology, Primary Children's Medical Center: Developed a physical model of the pediatric circulation system and studied effects of aortic compliance on intraaortic balloon pumping.

1994-1995 **Research Assistant**, John D. Bell, PhD, Physiology and Developmental Biology, BYU: Studied effects of variables on interaction between Phospholipase A2 and Dipalmitoylphosphatidylcholine bilayers.
